# Practice. Realize. Obtain.

**W**ith seven Chicagoland locations, plus four more schools across Indiana and Illinois, Tricoci University of Beauty Culture is the go-to beauty school for aspiring stylists and beauty professionals in the Midwest. With industry legend Mario Tricoci steering the vision and curriculum, TUBC offers industry-current programs in Cosmetology, Nail Technology/Manicuring, Esthetics, and Teacher Training.

Advance from using iPads and mannequins in the classroom to delivering five-star service in the student salon and spa. Acquire technical skills, learn to talk business with guests, and get ready for a creative career in hair, skincare, makeup, and nails at Tricoci University. Then, take advantage of TUBC's expansive network of employers across the Midwest to launch your career.

## *Beyond the Classroom*

STAND OUT with extracurricular activities and student-led organizations: act as a platform artist on the Style Squad, give back to the community on the TLC Team, or develop business and marketing skills on the Retail Team.

"Every TUBC campus features guest speakers, hosts field trips, and holds industry career fairs," says Laura Pierce, VP of Operations. "We prepare our students to hit the ground running upon graduation."
